

The Advertiser.

O. PALMER, EDITOR & PROPRIETOR.

THURSDAY, APRIL 3, 1890.

Entered at the Post Office at Grayling, Mich., as second-class matter.

POLITICAL AND MISCELLANEOUS.

We are in receipt of the University Calendar, by the courtesy of Secretary Wade. A careful examination of its pages will give the reader some idea of this grand institution, of which every citizen of Michigan should be justly proud.

A Washington correspondent has been prowling around the patent office and says he found enough bosom pads of different styles to cushion the chairs of the house and senate. They were nearly all the inventions of women.—*Detroit News*.

The rapid increase in the wealth of the United States the past ten years is astounding. According to the published figures the total wealth of the country is now \$1,159,000,000, equal to nearly \$1,000 per capita. This is an increase in ten years of \$18,000,000, 000, or 45 per cent.

The Free Press is forced to admit the truth of the assertion of "G. B. S." that the mortgaged indebtedness of Michigan farms is but 19 per cent of their total value. Instead of 47 per cent as has been claimed, but it does go with a mighty poor grace and with much pawing up of dust to blind the eyes of its readers. "G. B. S." put the Free Press in a hole and it will have to stay there.—*Det. Tribune*.

The first steel vessel built in the Saginaw river was launched at Wheeler's shipyard in Bay City, Tuesday week. The boat is the City of Chicago, is owned by Graham & Morton, Chicago, and will run between that city and Benton Harbor. She is 213 ft. long, has 70 state rooms and is supplied with every modern convenience. The cost will reach \$220,000. Not less than 15,000 persons saw the launch, excursion trains carrying several hundred strangers to see the sight.

"The local newspaper," says a contemporary, "should be found in every home. No children will grow up ignorant who can appreciate a home paper. It is the stepping stone to intelligence in all those matters not to be learned in books. Give your children a foreign paper which contains not one word about any person, place they expect to be interested. But let them have the paper and read of persons whom they meet and of places with which they are familiar, and soon an interest is awakened which increases with every weekly arrival of the local paper; thus a habit of reading is formed, and those children will read the papers all their lives and become intelligent men and women, a credit to their knowledge of the world as it is to-day."

Freight rates on English railways are said to average 2½ cents per ton per mile; in America they average less than 1 cent. A correspondent of the London Financial News makes a comparison of the reports of our Pennsylvania and Northwestern road, and says: "Therefore, it appears that the average cost of moving freight traffic on the London and Northwestern road is 108 per cent greater per ton per mile than are the average charges per ton per mile upon the Pennsylvania road."

Our own dismalists, the gentlemen who tell us to consider our English aunt, and learn her ways and be wise, should study these pleasant figures. We don't realize. There are quite as many comforts and necessities of life that cost less money in the American market than in the English as there are things that cost less in England than in America. Besides which, we have a great deal more money to buy things with than the English have. The dismalists should comfort themselves with these reflections.—*Inter Ocean*.

INTERVIEW.

Senator McMillan calls the Roll of Michigan's Virtues and Industries.

"It seems that the Congress voted a grant of two millions of acres of land to the soldiers of the war of 1812, and Surveyor-General Edwin Tiffin of Chillicothe, Ohio, was instructed to make survey. He attempted to do so but gave it up, reporting to the General Land Office—Josiah Meigs was then Commissioner—under date of November 20, 1815. It was a copy of this report that I saw. It did not give Michigan a very good character, saying among other uncomplimentary things that not one-hundredth part of the two million acres appropriated would be fit for cultivation, and so the Congress repealed the law and sent the soldiers to some other Territory."

You see, the hundredth part of two million acres, 20,000 acres, is reducing the arable lands of Michigan to a pretty small compass, especially when it is remembered that the area of the state is 56,457 square miles."

"Well, how nearly right was the old man!"

"Oh, we have seen the number of

acres in ornamental lawns in Detroit alone! But the state is a very remarkable one, for the reason that her industries are so diversified. Her agricultural development has been something almost phenomenal, and that industry is and will continue to be, the chief one of the state. While just now the farmers have cause, from low prices, to complain, they have as a rule more generally prospered than any other class of producers. Thirty-five, or even twenty-five years ago, Michigan was principally known abroad on account of her pine. Now she is celebrated for nearly everything from the celery of Kalamazoo to the steel ships of Detroit. By the way, do you remember the name selected for our Territory by Jefferson?"

"No—something illustrative of Jeffersonian simplicity, I suppose!"

"Hardly. He suggested 'Chersones' but, as Judge Cooley happily says, 'kindly Providence spared us the 'indiction,' and in 1805 she was called Michigan—a name derived from an Indian word signifying 'a great lake.'

The early history of Michigan, by the bye, is replete with romance. The Indians, the French and the English made history in such dramatic fashion that even the most prosaic story of the state is full of interest.

The life of Pere Marquette was like a poem in its devotion to an ideal under circumstances of peculiar terror and hardship, to which at last he succumbed; and many others in the early days were equally heroic and self-sacrificing."

Yet Michigan is generally thought of as a comparatively new state!"

"Yes, perhaps; though, as a State, Michigan is now just as old as was the 'Old Dominion'—Virginia—when Michigan was admitted to the Union. I was talking, though, about the diversified industries of the Wolverine State. Let me give you rapidly a few facts. The census of 1880 gives the number of farms under cultivation as 154,008, containing an average of 90 acres, or 1,356,072 acres in all, valued at \$490,103,181. Of these farms 138,597 were cultivated by their owners. Of course these figures will be very largely increased by the census of this year. A million tons of gypsum have been mined at Alabastina and at Grand Rapids since 1845. Michigan manufactures one-third of all the salt consumed in this country. Its manufacture dates back only to 1860, yet last year our output was about 3,500,000 barrels. Copper was mined in the Northern Peninsula by people whose era and identity still remain undetermined centuries ago these Lake Superior mines were worked by miners with curious implements which seem to be of wonderful antiquity; and Baron La Hontan described a mine which he saw on the Ontonagon River as early as 1688, yet last year our output was about 3,500,000 barrels. The Avalanche.

J. C. HANSON, Local Editor.

THURSDAY, APRIL 3, 1890.

LOCAL ITEMS.

Claggett & Pringle keep the best Tea and Coffees in town.

Republican Caucus to-morrow night.

Choice California Dried Fruits at the store of Claggett & Pringle.

School will reopen next Monday.

O. J. Bell is crowding out the sides of his store with new goods.

Watch for the new delivery wagon of Lyon & Connor.

New schemes in Baking Powder and Coffees at the Pioneer store of Salling, Hanson & Co.

John Harrington went to Hillsdale county last week, on business.

Fresh Butter and Eggs at Claggett & Pringle's.

H. C. Hooker, an old vet, has been appointed postmaster at Otsego Lake.

New stock of Ladies' Walking JACKETS just received at H. Joseph's.

Chas. Ingerson has gone into camp with his crew, on the South Branch.

Finest assortment of Beaded CAPES just received at H. Joseph's.

Supervisor Richardson, of Centre Plains, was in the city Monday.

Buy your drugs and medicines at Fournier's. Everything new, fresh and fine.

Miss Morgia McDowell returned to Tuscarora Co. on Saturday.

Before purchasing Walking JACKETS or Braded CAPES, call at H. Joseph's.

The Gold Lake mine at Ishpeming is yielding \$20 to the ton and the owners are happy.

Oranges, lemons, cocoanuts and bananas at the market of Comer & Taylor.

Mrs. L. Jenson came down from Otsego Lake, yesterday, for a little visit.

The ladies will be especially pleased to see Bell's stock of fine shoes.

School begins next Monday. All classes will be organized on that day. Parents please remember.

Take Fournier's Syrup of Tar and Wild Cherry for coughs and colds.

B. E. Thayer was up from West Branch, to spend Sunday with the family.

For fresh butter, eggs, etc., go to the new Meat Market of Comer & Taylor.

W. S. Chalker is putting in a small job on section 6, just north of the village.

Sewing Machine for sale. Enquire at this office.

Mrs. J. Staley visited in Bay City last week, returning Saturday.

In Clothing, H. Joseph desies any competition in the state.

Mrs. M. Doyle and her youngest son, returned from a visit to Bay City Saturday evening.

Silver Leaf Flour. The best in town. For sale by Lyon & Connor.

J. Wilson, and Miss Fannie Staley, are home from Albion College, for the spring vacation.

Try the roasted Rio coffee, 25c, at the Pioneer store. It is a pleasant drink and can't be beat for the money.

J. F. Wilecox took 156 pounds of grass plait out of Portage Lake in four days. Lots of fun.

Claggett & Pringle keep the best Ladies' \$2.00 shoe in town. Call and see them.

Easter services will be held at the M. E. church, next Sunday. All are cordially invited to attend.

Get your tinware at S. H. & Co.'s Pioneer store. They keep the anti rust proof. Every piece warranted.

W. S. Chalker returned from his camp near Rondo, last Friday. His team came in on Sunday.

Remember that the bargains in clothing at the Pioneer store is unlimited. Take advantage of it while it lasts.

Levi Clement who is working in camp near Vanderbilt, spent last Sunday with his family.

New line of Ladies' Misses' and Gent's spring Shoes and Slippers, just received at Claggett & Pringle's.

Remember, Saturday is registration day. If your name is not on the list, see to it in time.

Remember you can find the largest and best assortment of Clothing, Dry Goods, Boots and Shoes etc., at H. Joseph's.

J. P. Hanna, of Beaver Creek township, was in town last Saturday and made us a call.

O. J. Bell's spring stock is arriving in immense shape. It looks as though he could shoe this county for the year and have stock left.

Mrs. Wm. Cutler and her baby, from Vanderbilt, have been visiting friends here for a few days.

Have you looked at the two dollar ladies' shoes O. J. Bell is selling. They are the best ever offered in Grayling, every pair warranted.

S. S. Claggett and family returned from their visit to friends at Richmond, last Tuesday.

The rostrum at the church was tastefully decorated, for the school entertainment with flags and flowers.

Ladies call and see Claggett & Pringle's New Flannel Suitings, Sicilians, Satines, Ribbon etc., which they have just received.

The Dependent Pension Bill has passed the Senate, and it will not be long until it becomes a law.

Everybody purchasing twenty-five dollars worth of goods at H. Joseph's, will be entitled to one of those elegant hand painted oil pictures.

J. M. Francis has gone to the Bagley mill to do blacksmithing for the Michelson & Hanson Lumber Co.

Did you see the hand painted Oil Pictures which H. Joseph gives away with every twenty-five dollars of purchases. They are the finest ever shown.

Lyon & Connor have brought up a good horse and wagon, and coming next Monday will deliver goods to their customers in any part of town.

From papers found in the dead man's pockets it appears the person killed at the Murin den, near Potts, was named Oske Holston and was a Swede. He sailed in the lumber camps as one Johnson.—Detroit News.

Brakeman George Thalhoff, of the Michigan Central, who had his legs badly brised at Bagley Saturday has been brought to his home on the west side of the river. He was resting quite easy this morning.—Bay City Times.

An exchange contains the following truthful statement: The retailers of gossip and the spreaders of evil reports are abominable creatures. They seem to be utterly inconsiderate and uncharitable and they instinctively attribute evil to everything and everybody. To blast human character and to revel in the misfortune of others seems to be the supreme object in life of the gossipy busybody. Even the dead do not escape these ghouls. If the gossips and spreaders of evil report can get into heaven then the bars are down for everybody.

We are utterly and totally opposed to the idea of giving anybody an honorary membership in the G. A. R. The wromous have honorary husbands and wives, but the G. A. R. ain't built that way.—Coffee Cooler.

Mrs. Frank Forbes started yesterday for Grant's Pass, Oregon. She goes with a large party, including Mrs. Powell, of Otsego Lake, via. The Northern Pacific. Her many friends here wish her a pleasant journey.

A number of camps have broken up, and the town is full of woodsmen, who seem to be good natured and happy.

O. J. Bell returned Sunday morning from a business trip to Lansing and Jackson. He brought back a severe cold.

Capt. F. L. Barker and wife came down from Frederic, Wednesday, to take in the Fair. They are the guests of P. M. and Mrs. Jones.

On Tuesday, Justice Woodburn gave Henry Roney a chance to rest 25 days with sheriff McCullough, to sober up from a disorderly drunk.

The W. R. C. will meet at the residence of C. W. Wight, next Saturday week, the 12th. All members are expected to be present.

David McCormick succeeds F. L. Hadley as night watch. He is well recommended for the place, and his last night's work seems to prove his ability.

The painters are at work on H. Joseph's building next to the Land Office, making a decided improvement with the front.

Mrs. M. Doyle and her youngest son, returned from a visit to Bay City Saturday evening.

Silver Leaf Flour. The best in town. For sale by Lyon & Connor.

J. Wilson, and Miss Fannie Staley, are home from Albion College, for the spring vacation.

Try the roasted Rio coffee, 25c, at the Pioneer store. It is a pleasant drink and can't be beat for the money.

J. F. Wilecox took 156 pounds of grass plait out of Portage Lake in four days. Lots of fun.

Claggett & Pringle keep the best Ladies' \$2.00 shoe in town. Call and see them.

Easter services will be held at the M. E. church, next Sunday. All are cordially invited to attend.

Get your tinware at S. H. & Co.'s Pioneer store. They keep the anti rust proof. Every piece warranted.

W. S. Chalker returned from his camp near Rondo, last Friday. His team came in on Sunday.

Remember that the bargains in clothing at the Pioneer store is unlimited. Take advantage of it while it lasts.

Levi Clement who is working in camp near Vanderbilt, spent last Sunday with his family.

New line of Ladies' Misses' and Gent's spring Shoes and Slippers, just received at Claggett & Pringle's.

Remember, Saturday is registration day. If your name is not on the list, see to it in time.

Remember you can find the largest and best assortment of Clothing, Dry Goods, Boots and Shoes etc., at H. Joseph's.

J. P. Hanna, of Beaver Creek township, was in town last Saturday and made us a call.

O. J. Bell's spring stock is arriving in immense shape. It looks as though he could shoe this county for the year and have stock left.

Mrs. T. W. Mitchel wishes to announce to the ladies of Grayling and vicinity, that her trimmer, Miss Mattie Swanson, has gone to Detroit, where she will spend the next two weeks in the best "Trimming Rooms" in the state. Look for something lovely on her return.

There has been considerable trouble among the men who have been putting logs into the Cheney mill getting their pay, but report says that successful arrangements have been made, so all will be paid in a few days.

S. S. Claggett and family returned from their visit to friends at Richmond, last Tuesday.

\$40.00 buys a prime four year old cow, and calf five days old, if sold at once.

At the election next Monday two members of the board of review will be elected. They have heretofore been appointed by the township board.

Win. Breakey, of Centre Plains, reports his Marino sheep in prime condition. Sheep and clover will make a garden of this country.

The largest crowd at the Fair last evening that ever assembled in Bay Hall in Grayling.

Gov. Lucas has presented to Marvin Post, G. A. R., a fine copy of the book "Michigan at Gettysburg." It will be highly prized by the boys, as many of them were there.

Everybody will go to the Fair, tonight. Last evening's grand parade will be repeated.

The weather for march was peculiar to say the least. The thermometer registered -16° on the 1st, -21° the 2d, -20° the 5th, -35° the 6th, -24° the 7th, -14° the 8th -8° the 9th and just zero the 15th, while during the day the temperature was from 32° to 44° for 21 days during the month, the highest being the 20th. There was rain on five days, and snow on twelve, the aggregate precipitation being of rain 1 inch and of snow 17 inches.

An exchange contains the following truthful statement: The retailers of gossip and the spreaders of evil reports are abominable creatures. They seem to be utterly inconsiderate and uncharitable and they instinctively attribute evil to everything and everybody. To blast human character and to revel in the misfortune of others seems to be the supreme object in life of the gossipy busybody. Even the dead do not escape these ghouls. If the gossips and spreaders of evil report can get into heaven then the bars are down for everybody.

We have just learned why the church bells are rung on Sunday morning at 9 o'clock. It is for the purpose of making people believe there's fire in the other world and that they should get ready to attend church, and provide against being roasted.

Next Sunday being Easter the M. E. church has arranged appropriate services. The following musical selections will be rendered.

MORNING.

Vocal, Processional, Calkin.

Easter Anthem, Suds.

Minuelled, Schubk-Weld.

Prelude in C, Lemmens.

EVENING.

Vocal, Grand Offertorio in G, Wely.

Antenu, I'm a Pilgrim, Marston.

Melody, Balfe.

Prelude in D Minor, Yockner.

Eupoppy.

This is what you ought to have, in fact, you must have it, to fully enjoy life. Thousands are searching for it daily, and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee that Electric Bitters will be used according to directions and the use persisted in, will bring Good Digestion and install instead Eupoppy. We recommend Electric Bitters for Dyspepsia and all diseases of Liver, Stomach and Kidneys. Sold at 50c and \$1.00 per bottle by H. C. THATCHER, Druggist.

We clip the following from the Otsego Lake correspondence of the Bay City Times:

"A meeting of subscribers to the Michigan savings and loan association of Detroit, was held in the Otsego Lake house parlors to day for the purpose of electing officers of the local board. The following named gentlemen were duly elected by a stock vote: President, Judson C. Hooker; treasurer, Carl P. Mickelson; secretary, Geo. W. Jones."

W. S. Fiske, the special agent, has been here eight days and has sold 100 shares. Carl P. Mickelson has been appointed local agent by Mr. Fiske.

There has been considerable trouble among the men who have been putting logs into the Cheney mill getting their pay, but report says that successful arrangements have been made, so all will be paid in a few days.

Mrs. Wm. Cutler and her baby, from Vanderbilt, have been visiting friends here for a few days.

Have you looked at the two dollar ladies

Cataract Can't Be Cured
WHICH LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Cataract is a blood or constitutional disease, and in order to cure it you have to take internal remedies. Hall's Cataract Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Cataract Cure is no quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, completely removing the cataract from the eye directly on the mucous surface. The perfect combination of the two ingredients which produce such wonderful results in curing cataract. Send for Hall's Cataract Cure.

J. J. CHENRAY & CO., Propri., Toledo, Ohio.
Sold by Druggists, price 75c.

The Animal She Would Like to Have
Him Be.

He—What sort of an animal would you prefer to be, Miss Northcote—that is, if you had to be an animal?

She—I don't know, I am sure. But I know what sort of an animal I would like to have!

"(Giggling.) What?

She—A weasel—and pray why?

He—Don't you remember the old nursery rhyme? "Pop goes the weasel?"

The Ability to Bear Pain.

The test of fortitude among the Indian tribes, but also for many Cherokee, Sioux or Comanche to endure the typhus of rheumatism without wincing. These are slight at first, but grow intensely until they become unbearable. No malady is more obstinate in its maturity than that which gives rise to them. The more need, then, of attacking it at the outset. Foremost among remedies for it is "Hostetter's" Stomach Bitters, which are infinitely more effective than any ointment, poultice or emulsion, all remedies which might prove destructive of life. A slightly excessive dose of mineral depurants, as when not positively indicated, are inferior to those applied to this salutary balsamic medicina. It entirely expels from the blood the acids resulting from the organic processes of disease, and it will also assist in the absorption of the congluent and other silenus also give way to it.

OFFERED FULL RECIPROCITY.

Secretary Blaine's Proposition to the Argentine Republic Representative.

It has transpired that in the debate on the report of the Committee on Customs Union in the Pan-American Congress the United States delegates, upon the authority of Secretary Blaine, offered full reciprocity with the Argentine Republic. Dr. Saez-Pena, a delegate from that country, having advocated free trade in a minority report and in a speech in support of it before the conference. No offer of reciprocity was made to any other of the South American Republics. The foreign delegates to the Pan-American conference have issued invitations for a dinner to be given in honor of President Harrison on the 16th of April.

To Seat the Republican Contingent.

The House Committee on Elections has passed upon the election cases of Waddell vs. Wiles, Third Virginia District, and McDuffie vs. Turpin, Fourth Alabama District, and in both cases, by a party vote, decided to recommend the seating of the Republican contestants.

Davitt Ends the Liverpool Strike.

An agreement has been reached at a meeting between the striking dock laborers of Liverpool, England, and their employers, to light. Allen's oversight was destroyed. The injured man at one time helped to thrash Jones.

Favor Windom's Silver Bill.

By a vote of 7 to 5 the House Committee on Coinage, Weights, and Measures have authorized Chairman Conner to report the Windom silver bill to the House with a number of amendments. A minority report on the bill will also be submitted.

Offshoreholders Chosen.

The following appointments have been made: John F. Selby, United States Attorney for the District of North Dakota; Major Thaddeus H. Stanton, Paymaster to be Lieutenant Colonel and Deputy Paymaster General.

Appointed to Flack's Place.

Gov. Hill has appointed Maj. Gen. Daniel E. Stetson sheriff of the city and county of New York, in place of James Flack, recently deceased.
